# CEO Message

Dear Team/Partners/Clients,

I hope this message finds you in good health and high spirits. As we reflect on our journey over the past two decades, I am filled with a deep sense of pride and gratitude for the remarkable achievements we've made together at Powerline Solutions.

Our success as an engineering solutions provider in primary industries is a direct result of the hard work, dedication, and innovation of our talented team. Each project we undertake reflects our impeccable commitment to excellence in Technological Innovation, Quality, safety, and sustainability.

Looking forward, our strategic vision centres on sustainable growth, operational excellence, and delivering value through every project we take on.

I want to thank each of you for your continued trust and unwavering support. Together, we will keep building a future that reflects our shared values and aspirations.

Warm regards,  
**CEO, Powerline Solutions**

# Vision

To become a leading global partner in sustainable solutions across Engineering, Procurement, Construction, Projects, Industrial Services, and Manufacturing segments.

# Mission

At Powerline Solutions, we provide seamless, cost-effective, and hassle-free solutions through continuous improvement to our customers.

# Core Values

## Ethics

Integrity, honesty, and fairness in all interactions.

---

## Agile Response

Ensure swift, proactive responses to all needs.

---

## Knowledge Enhancement

Investing in regular training and technological updates.

---

## Relationships

Building sustainable relationships with employees, clients, partners, and suppliers.

---

## Local Empowerment

Driving growth and progress through local talent development and training

# Industries Served

## Oil & Gas

Solutions for exploration, refining, and distribution

## Petrochemicals

Supporting complex chemical processes with specialized equipment

## Utilities

Delivering reliable systems for energy and infrastructure

## Power

Expertise in power generation, transmission, and distribution

## Water and Wastewater

Sustainable solutions for water management

## Healthcare

Projects and advanced systems for medical facilities

## Industrial and Process Manufacturing

Comprehensive support for production facilities

# Business Segments

## EPC Projects

Engineering, procurement and construction projects for utilities and primary industries.

## Manufacturing

Advanced gas detection systems & controllers tailored to industrial needs.

## Products

A comprehensive range of advanced electromechanical equipment, meticulously engineered to meet various industrial sectors.

## Solutions & Specialized Services

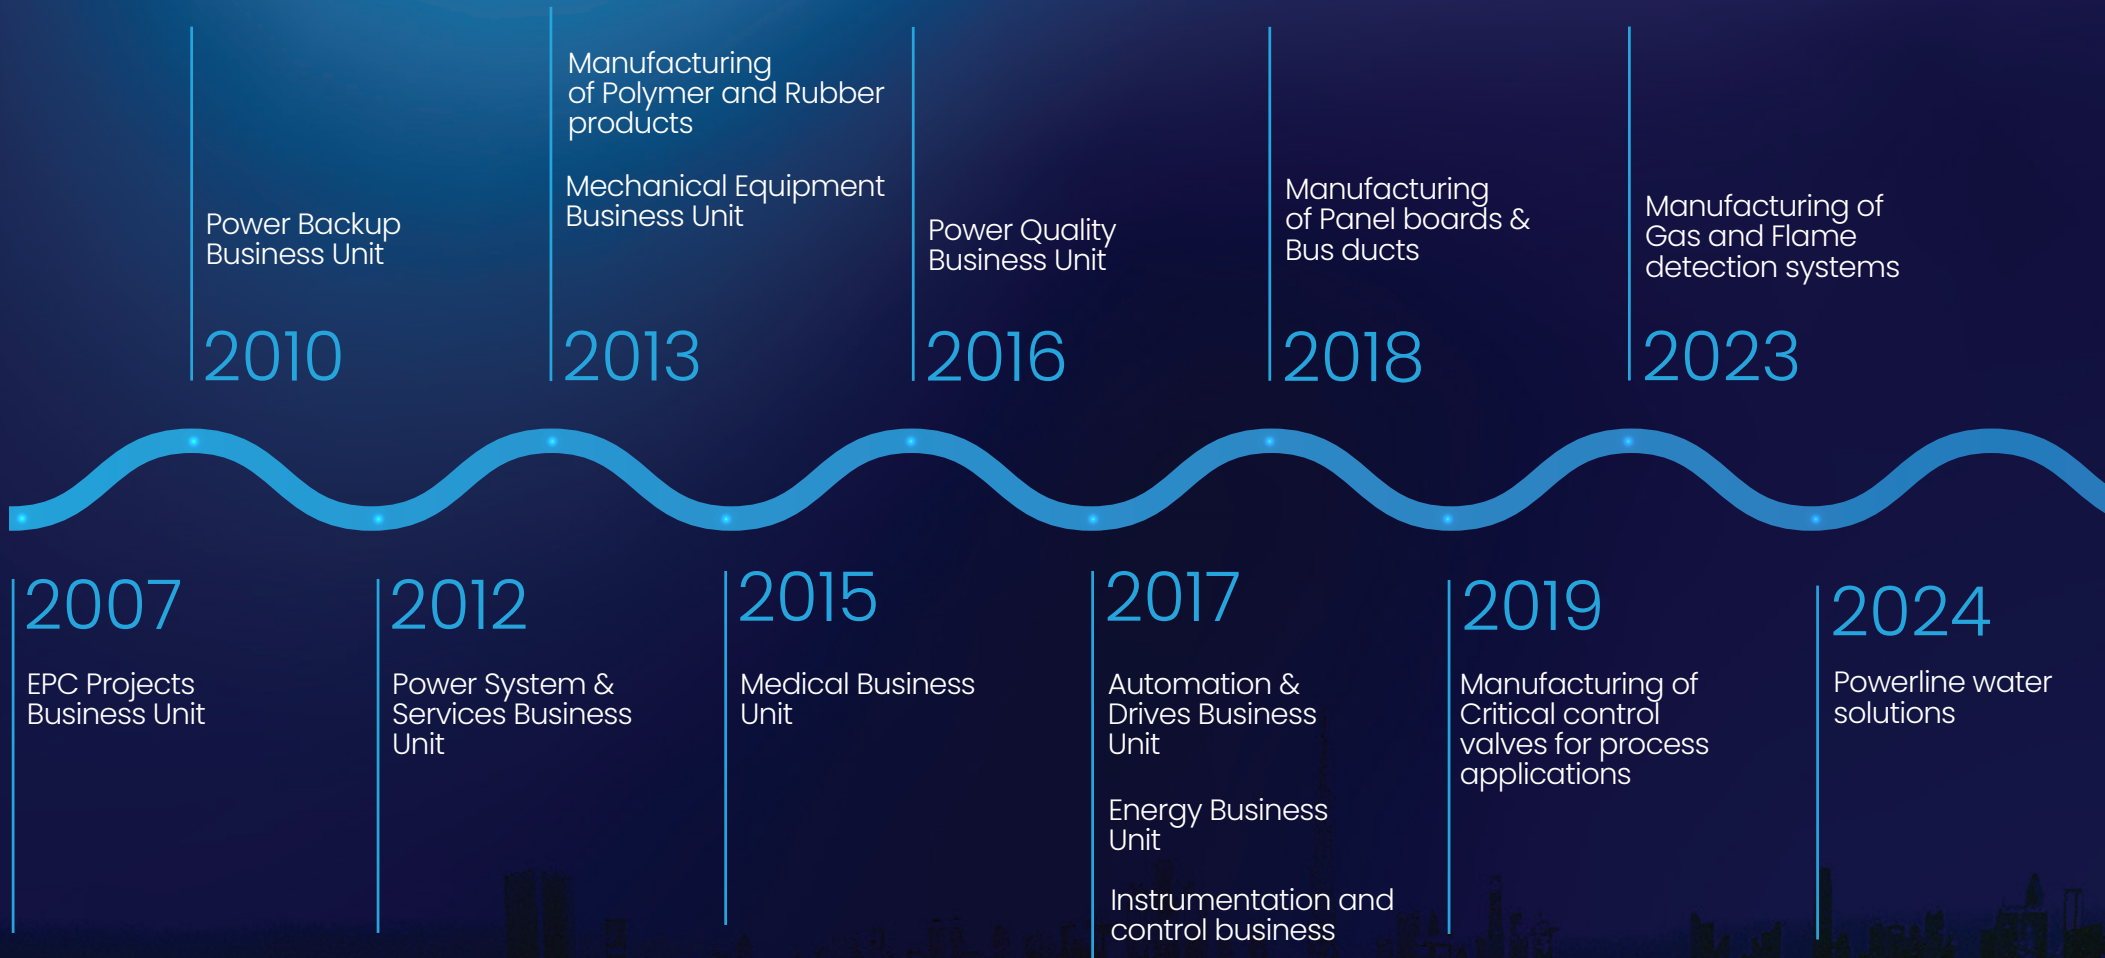

Customised solutions and specialized services for oil & gas, petrochemical, power, water and waste water industries.

## Healthcare Projects & Products

Innovative medical systems and infrastructure for healthcare.

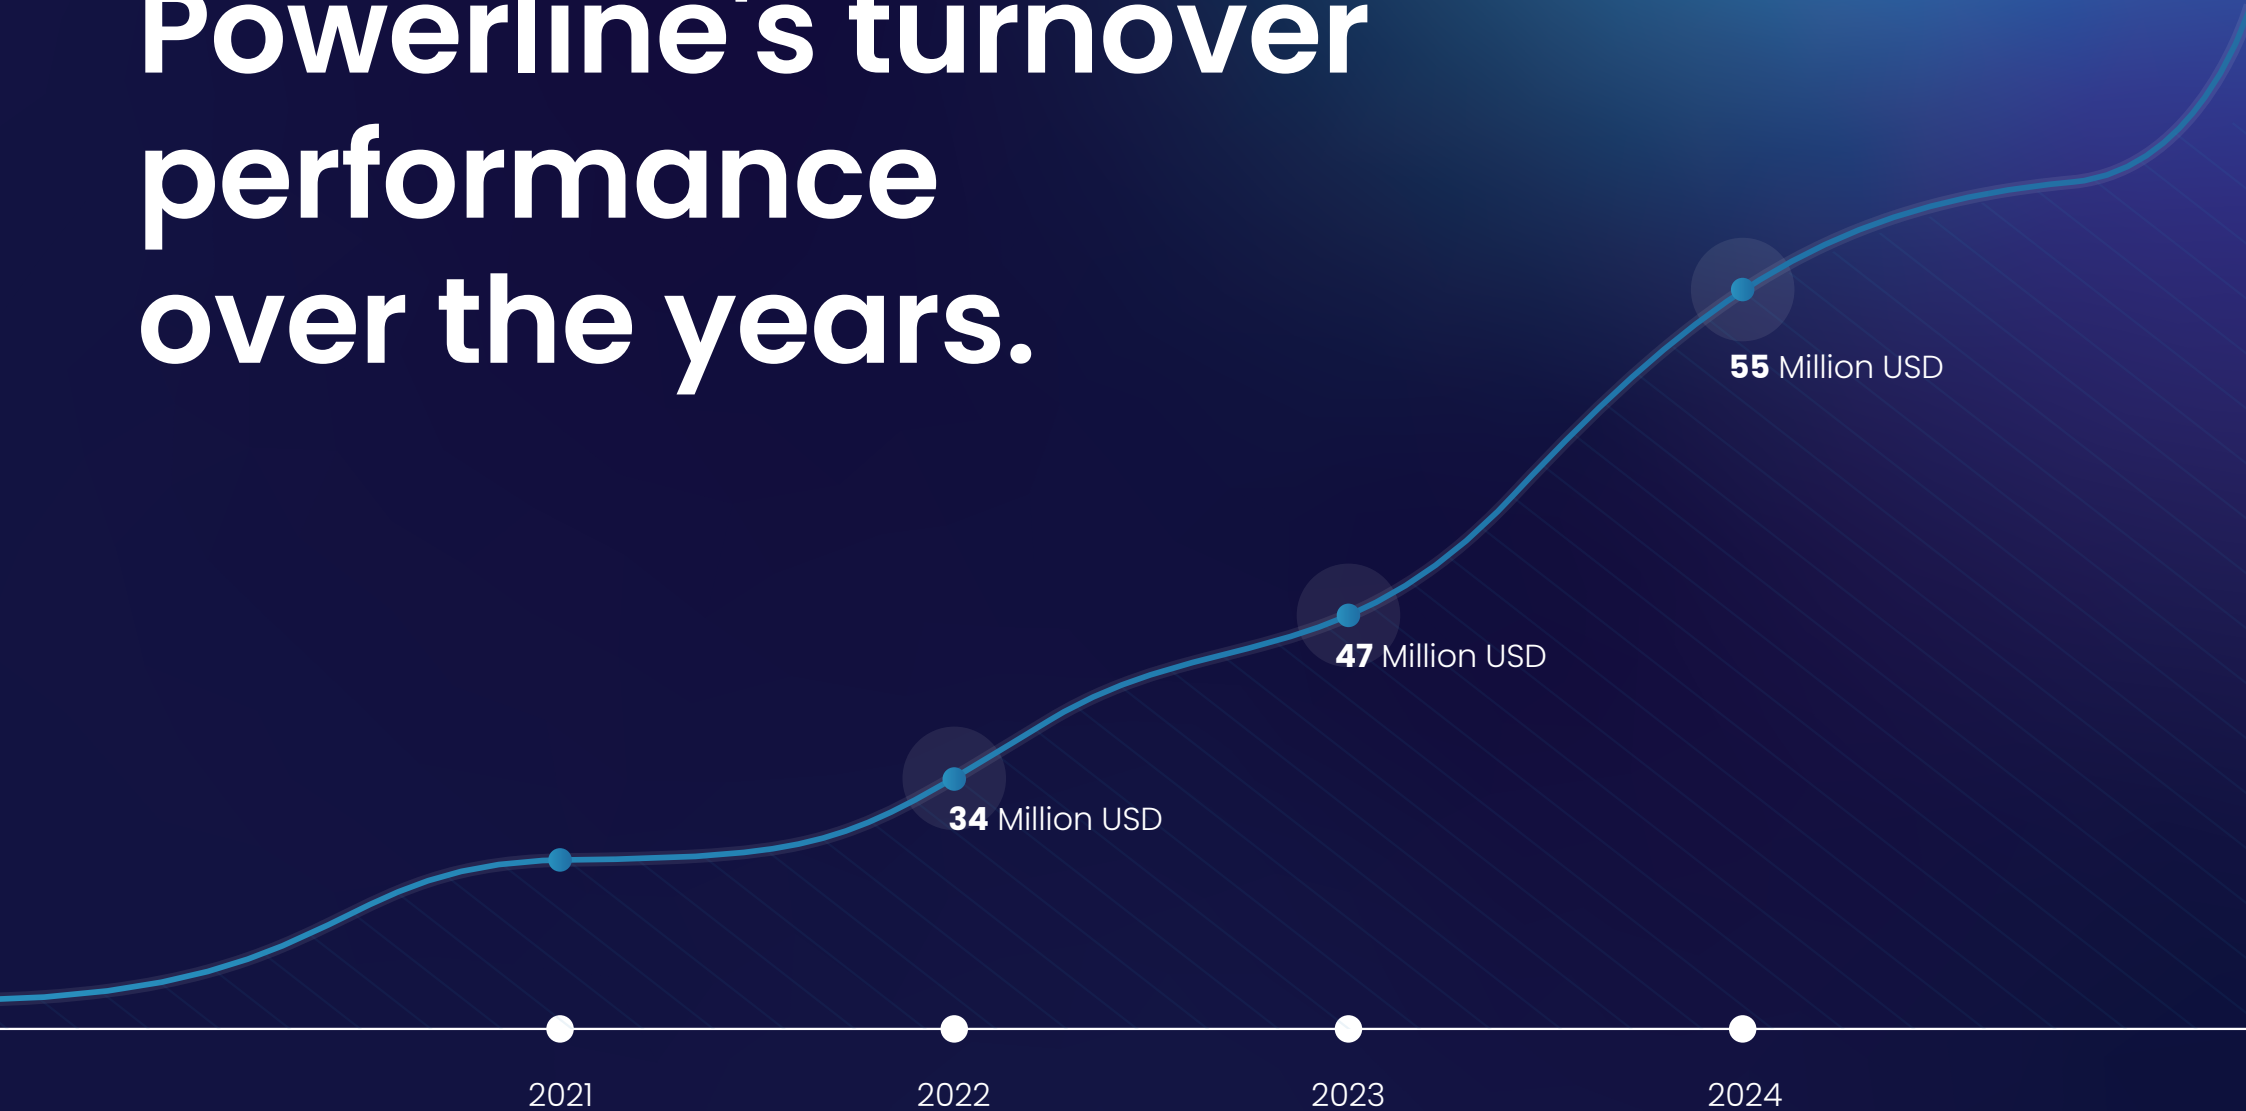

# Powerline Journey

# A story of growth

## Powerline's turnover performance over the years.

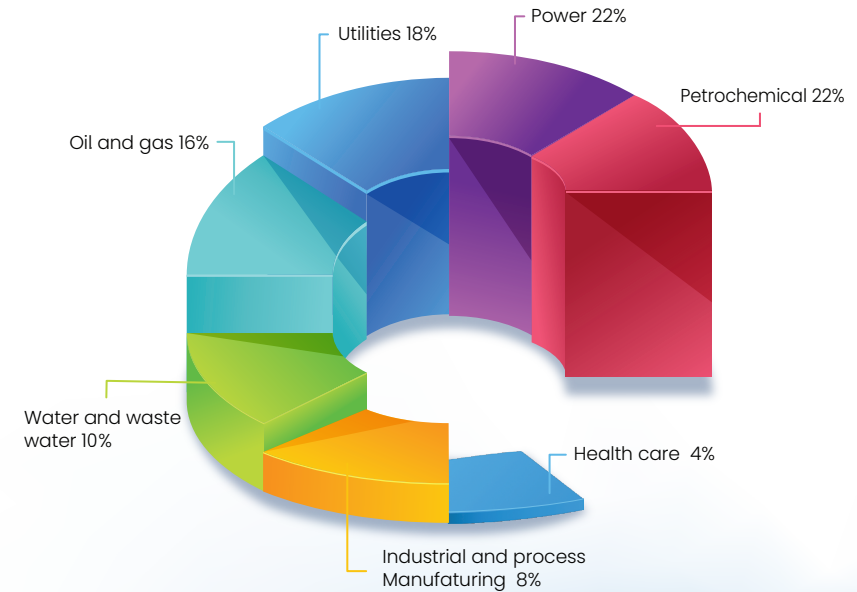

# Our customers

نيوم NEOM

Market Share

# | Manufacturing Facilities

Advances gas detection systems for process applications

Powerline Water Solutions

Water and waste water solutions for industrial and commercial applications

# | Manufacturing Partners

Manufacturing of critical control valves for process applications

Manufacturing of panel boards, bus ducts and enclosures

Manufacturing of Polymer, rubber and metal components

# | Technology partner

Gas detection systems for oil & gas and petrochemical industries
